

FAITH & ECOLOGY RETREAT

Discipleship for the 21st Century: Living in the Spirit of Laudato Si'

May 28 to June 3, 2018

Combining spirituality and ecology, this retreat invites us to explore prayerfully and in a practical way, the integral relationship between faith, care for the Earth and for most vulnerable persons. The experience incorporating the beautiful natural setting at **Villa St Joseph in Cobourg ON**, silent times for reflection, Scripture, the letter of Pope Francis (Laudato Si') and writings from a wide range of faith traditions will enable us to see these interwoven elements as essential for our call to discipleship in the world today. The retreat will be facilitated by Sisters from across the Canadian Federation of the Sisters of St. Joseph.

All welcome:

For further information or to register please contact
