

PUBLIC LECTURE

Dr. Mary Evelyn Tucker
*Director, Forum
on Religion and Ecology,
Yale University*

Future Generations and the Ethics of Climate Change

Religious traditions in North America and around the world are contributing to the transformative moral grounds for a sustainable future. With conferences, books, films, and a website. The Forum on Religion and Ecology at Yale is assisting this work. This talk will focus on how both religious and secular ethics are contributing to an understanding that climate change is not just a scientific and technological issue but a moral challenge.

Friday, November 9, 2012, 7:00 p.m.
Fr. Madden Hall in Carr Hall,
100 St. Joseph Street

Admission is free.
