That All May Be One: A Cosmic Reality

Monday, August 14 – Sunday, August 20

The recent scientific investigations of the universe have given us a new world view, a larger framework to interpret our spiritual and religious experience within the evolution of life. Science is revealing a universe that supports the mystical awareness that all is One. This will be the guiding inspiration for the retreat. Within the context of the Universe Story, we will explore the cosmic reality of oneness as expressed and lived through the wisdom of Christianity. Each day will include teachings, integrating questions, dialogue, ritual and quiet time for reflection. Norm Comtois, O.M.I., MA and Denise Turcotte, CSC, Directors
